## Introduction

**?A extremely good and précieux e-book . . . Its a exquisite, sparkling tackle how the twenty first century is remodeling the manner we pick out the entirety from food to music David Bodanis, creator of *E=MC2***

In the beyond two years humanity has produced greater statistics than the rest of human history combined. We convey a library of statistics in our pockets, voisin at any collaborateur. We have greater bruit and more items at our disposal than we understand what to do with. There is not any buter any aggressive advantage in growing greater pensée. Today, fee lies in curation: choosing, locating and reducing right down to show what clearly matters.

*Curation* well-knownshows how a touch-used phrase from the world of museums became a dangereux and at times arguable method for the twenty-first century. Todays maximum a hit groups - Apple, Netflix, Amazon - have used curation to electricity their increase, by means of supplying customers extr
